By land and sea: outdoor adventures in Indonesia

Send this

BRETT ATKINSON

Aug 11 2016

Stretching more than 4000km from east to west, Indonesia's sprawling island-packed jungle archipelago offers many opportunities for active and adventurous travellers. Superb diving and snorkelling showcases a diverse and colourful underwater seascape, while above the water, challenging surf breaks draw bold board-riders from around the world. On land, trekking, white-water rafting and wildlife watching all combine in a landscape of rugged peaks, tropical jungles and surging rivers.

Kayaking

Begin a paddling sojourn in Indonesia by negotiating around the forest-clad banks of a holy mountain lake, before sea kayaking on smooth Balinese waters, or graduating to an exciting multi-day excursion in the more remote Raja Ampat Islands. Based in the Balinese mountain village of Kedisan, C. Bali runs morning tours exploring the volcanic caldera of Danau (Lake) Batur in inflatable canoes, while further south along Sanur's beachy coastline, kayaks can be hired by the hour for leisurely exploration. In the far flung islands of Raja Ampat – around 2000km to the northeast – Kayak4Conservation explores a stunning archipelago of jungle-covered islands and concealed lagoons. Guided adventures include staying at local guesthouses.
